The people there are complete fraudsters. They promise to set you up a company in Zug with an 11% tax rate and don't tell you that there is a 35% tax on the dividend. They ask you from the beginning for all the money even for the local manager and they trick you into hiding the fact that they cannot open an account for you in a local bank. Never reply to Goldblum Company SPAM. They are false, they are a scam. The people at the Goldblum Company are criminals and fraudsters. They promise to set you up a Company in Switzerland with an 11% tax rate. But they don't tell you that for the dividend the tax rate is 35%. When they set up a company they ask you for the salaries of the accountant and the local manager 12 months in advance. But they don't set up a bank account. Then you tell them: What's the point of a company in Switzerland without a bank account? They don't know what to tell you.
